

CalABLE Supports Financial Security and Independence for People with Disabilities

What is CalABLE?

CalABLE is California's tax-advantaged savings and investment plan for people with disabilities. CalABLE allows beneficiaries to save up to \$19,000 a year in eight professionally managed portfolios, and investment earnings spent on qualified expenses are tax free. Additionally, beneficiaries who receive Supplemental Security Income (SSI) can save up to \$100,000 while maintaining SSI benefits. Accounts can be opened and managed by the person with the disability or by their representative. With a CalABLE account, you can save for the future and prepare for a lifetime of financial independence.

CalABLE lets anyone contribute

Account owners can create a gifting page so family and friends can contribute easily online.

CalABLE empowers

Individuals with disabilities and their loved ones can plan, save, invest, and spend with confidence. The ABLÉ Visa® Prepaid Card allows account holders to spend funds anywhere Visa is accepted, as well as manage expenses, and set allowances.

CalABLE is flexible

Funds can be accessed at any time, and can be used for healthcare, education, housing, travel, technology, and other qualified expenses.

CalABLE protects SSI

SSI recipients can typically save only \$2,000 without affecting benefits. However, federal law allows SSI recipients to save up to \$100,000 in CalABLE accounts while maintaining eligibility.
